1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In Claim 2, line 3, the word "4-positioned" has been changed to -- 4-position -- to correct a typographical error.

In Claims 6-8, insert the phrase -- the groups consisting of -- after "selected from" to have proper Markush language.

Allowable Subject Matter

2. The following is an examiner's statement of reasons for allowance:

The present invention differs from the prior art in that the prior art fails to teach a novel compound having a diaminophenoxyphenoxy core structure and the method of the preparing thereof to provide an excellent alignment film, which has stable and high pre-tilt angles.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
